

CALL FOR PAPERS ICU 2013

The 4TH International Congress of Ultrasonics (ICU2013) will be held from 1st May to 4th May 2013 in Singapore. The ICU 2013 represents an ongoing event, which has been held continuously since 2007 as a forum for exchanging the new ideas in the field of theory and applications in ultrasonics.

This time the meeting moves to Singapore and we are particularly honored that Singapore has been selected as the location of the ICU 2013.

The papers will be presented in oral and poster sessions.

Participation by students is strongly encouraged.

We look forward to greeting you in Singapore and hope that you will actively participate in the ICU 2013 that will make it a great meeting, combining both the excellent science and exciting social program.
