

**19TH ANNUAL INTERNATIONAL CONFERENCE ON TRAFFIC NOISE  
FROM OCTOBER 01<sup>ST</sup> – 03<sup>RD</sup> 2010, DRESDEN, GERMANY  
WITH THE NETHERLANDS AS THE PARTNER COUNTRY**

### **INVITATION**

**The Hamann Consult AG takes the pleasure of warmly inviting you to the 19th Annual International Conference on Traffic Noise.**

The generally positive appraisals of this conference and the good feedback are the best gratitude for your and our joint dedication. This response, of course, encourages us to continue the conference in the oncoming years. New perceptions and suggestions of conference participants regarding the content and organisation were included in the planning of the 2010 meeting.

**Please find enclosed the Preliminary Conference Agenda.** Again we are looking forward to welcoming distinguished guests and it will be a pleasure to witness lively discussions and exceptional contributions.

We are pleased to invite the **global noise protection and soundproofing community** to attend this year's symposium. It will again bring together **industry experts** and **highest level executives** from every infrastructure to provide a forum for an **interdisciplinary and international exchange** to share experiences and solutions on existing and future approaches towards noise abatement. When it is about discussing and preparing new strategies in combating traffic noise, the Annual International Conference of Traffic Noise offers to be the **appropriate and unchallenged platform.**

**Interesting and innovative contributions, certainly of cross-disciplinary nature, are always appreciated.** We are looking forward to receiving inspiring suggestions addressed to us regarding possible workshop topics and plenary papers to create an interesting conference program. Feel free to contact us.

To increase the **efficiency of the networking day** and one-on-one talks during the conference, we will take care of the preparations concerning content and organisation of those contacts.

Furthermore, we invite all participants to take part in the **selected evening reception** on October 2<sup>nd</sup>, to enjoy an unstressed wrap-up and to discuss potential co-operations and partnerships in an exclusive and relaxed atmosphere.

## Schedule 19<sup>th</sup> ICTN

Day 1 | October 1<sup>st</sup>, 2010

**08.00 Registration**  
**09.00 – 12.00 Plenary Session**  
**15.00 – 18.30 Workshops**  
Aircraft Noise  
Road Noise  
Railroad Noise  
Vessel Noise/Acoustics

Day 2 | October 2<sup>nd</sup>, 2010

**08.00 – 12.00 Plenary Session**  
**15.00 – 18.30 Workshops**  
Aircraft Noise  
Road Noise  
Railroad Noise  
Vessel Noise/Acoustics  
**20.00 Evening Reception**

Day 3 | October 3<sup>rd</sup>, 2010

**10.00 Networking**

Please refer to the Preliminary Conference Agenda for precise information.

### About us

The Hamann Consult AG represents a German engineering company that has been dealing with all aspects of traffic noise mitigation for 20 years, serving both national and international clients. For more information please visit our website <http://www.hamann-consult.de/ictn.html>.

Since 1992 and taking place every October, we have organised an annual meeting of leading scientists, researchers and practitioners from industry, administration and politics involved in noise prevention and innovative approaches of combating noise.

Being a **platform for the exchange of experiences** among **decision-makers** across the various disciplines of **road, rail, sea and air transport**, this conference aims at developing more **effective strategies** for the **protection** of the population and the entire environment from **traffic noise** and at implementing them as swiftly as possible.
