\*Selected papers will be published in a special issue, Journal of Temporal Design in Architecture and Environment, for the 5th STD

### FURTHER INFORMATION

Sheffield is a city and metropolitan borough of South Yorkshire, England. Historically a part of the West Riding of Yorkshire, the city has grown from its largely industrial roots to encompass a wider economic base. Now Sheffield is England's fourth-largest city, which is about two hours from London by train and about one hour from Manchester.

More information of Sheffield can be found in the website: <http://www.sheffield.gov.uk/>

Chatsworth, which is one of the treasure houses of England is strongly recommended. Right on Sheffield's doorstep nestling in the heart of the Peak District National Park it should absolutely not be missed. Moreover, Sheffield has convenient links with other traditional and beautiful cities, including Manchester, York, Liverpool, Birmingham, etc.
